

Our Philosophy

Music is a unique form of human intelligence, a system of knowing and interacting with the world (Gardner, 1983). There is evidence to suggest that humans have been making music since before recorded history—that is, music is one of the traits that makes us uniquely human (Gardner). In many ways, music is like a language (Gordon, 1997). It has its own vocabulary of sounds and symbols that must be learned in order to meaningfully participate. Music can also be found throughout our everyday lives. It is related to the other arts, history, mathematics, and the culture at large. Students can be expected to think about and interact with music. In line with our District’s mission, it is our goal to...

connect our students to the power and possibilities of learning music.

Who are the Elmwood Music Boosters and what do they do?

The Elmwood Music Booster Organization is a group of volunteer members that meet the second Tuesday of every month at 6:30pm in the band room and provide the necessary support, funding, and assistance to aid the various music ensembles and programs here at Elmwood Local Schools. Some examples of their past and present service include:

- Fund-raising for the Music Department
- Purchasing new Band uniforms
- Assisting with fund-raising for music department trips such as field trips and overnight trips
- Assisting with the rental/purchase of Madrigal Dinner and musical costumes
- Offering two scholarships a year; one for a Senior Band Member and one for a Senior Choir Member
- Assisting students with fees for Honors Bands and Choruses
- Providing meals to music students prior to performances and at band camp
- Providing a "Lessons with The Pros" program for beginning band students
- Aiding in the purchase of props, equipment, music, awards, etc. for bands, choirs and musical productions
