11:00 AM (2  
hours ago)

Here is the information for tonight's food pickup. The food pickup is tonight from 5 to 630 PM and you should enter from the high school set of entrances. In addition, our distributors are struggling to get food to us and as a result want to remind everyone that the goal of the food delivery is aimed at those students who are free and reduced. It is our hope that the distributors are able to continue to get our product to us so we can issue it to the students.

Next week is spring break, and we are unable to provide food through the cafeteria program. But we have help. A group of teachers, the athletic boosters, and the Elementary PTO are coming together to provide food next Monday, April 6 from 5 to 6 PM. These will be food items and not complete meals and they are doing a drive up service in front of the high school again next Monday to distribute the food.
