WHEREAS, the Elmwood Local School District Board of Education (“Board”) has adopted a policy that requires students to complete a more challenging curriculum than is otherwise required by State law to be eligible to earn a diploma issued by the District; and

WHEREAS, House Bill 67 was adopted into law as an emergency measure which authorized school districts to modify graduation requirements for the 2020-21 school year in response to challenges presented by the pandemic; and

WHEREAS, as a result of the COVID-19 pandemic and its impact on the educational system, the Board has determined that it is in the best interest of the District’s students to modify graduation requirements for this school year; and

WHEREAS, the Board of Education authorizes the Superintendent to modify graduation requirements in accordance with this resolution and State law.

NOW THEREFORE, be it resolved by the Elmwood Local School District Board of Education as follows:

SECTION I

The Board of Education hereby authorizes the Superintendent to modify high school curriculum requirements for the 2020-21 school year as deemed appropriate. The Superintendent will evaluate a student’s eligibility to receive a District-issued diploma based on modified curriculum requirements.

SECTION II

The Board of Education will issue a high school diploma to any student enrolled in twelfth grade or is on track to graduate this school year but has not completed requirements for a high school diploma if the student’s principal, in consultation with teachers and counselors, reviews the student’s progress toward meeting either the regular or modified graduation requirements and determines the student has successfully completed the curriculum and/or the student’s Individualized Education Program (“IEP”).

BOARD POLICY UPDATES

(April 2021)

BYLAWS AND POLICIES

Policy 0131.1 - Controversial Issues (New)

Allows corrections for typos or Compliance Officer changes or other changes that do not alter the intent of the policy by resolution rather than the normal policy revision process.

Policy 2240 – Controversial Issues (Revised)

This policy has been revised because of changes enacted by H.B. 164. The new law defines religious expression to include prayer, religious gatherings such as prayer groups, distribution of written materials or literature of a religious nature, and “any other activity of a religious nature, including wearing symbolic clothing or expression of a religious viewpoint” as long as the expression is not vulgar, obscene, indecent, or offensively lewd. Boards are no longer permitted to restrict student exercise of religion to lunch periods or other noninstructional time periods. Finally, the law declares that a school district may not prohibit a student from engaging in religious expression when completing homework, artwork, or other type of classroom assignment. Rather, the assignments must be graded or scored using ordinary academic standards and shall neither reward or penalize a student based on the religious content.

Policy 2260.01 – Section 504/ADA Prohibition Against Discrimination Based on Disability (Revised)

Policy #2260.01 places particular emphasis on protections for students who are identified under Section 504 and ADA, including accessibility to qualified individuals with regard to facilities, programs and activities according to federal law. Revisions to this policy are based on recent Office for Civil Rights (OCR) investigations and reviews of compliance issues, particularly related to vocational education/Career-Technical education programs with particular emphasis on vocational education.

Policy 2266 – Nondiscrimination on the Basis of Sex in Education Programs or Activities (Revised)

This policy has been revised to reflect the recognized definition of “Rape” as of January 2021, deleting the original reference to the definition required by the Clery Act at the time of the release of the regulations in May 2020. The revised definition is that provided by the National Incident-Based Reporting System (NIBRS). Also, there is a suggested revision in the Appeals section of the policy. While the current regulation does not specifically address the implementation of remedies during the appeals process, it seems to be inappropriate to impose disciplinary sanctions while an appeal is pending.

Policy 6144 - Investments (Revised)

This policy has been further revised to include the provisions of H.B. 251, to increase from five to ten years the maturity period of certain political subdivision's bonds and obligations eligible for investment of a district's interim monies. Only certain investments are eligible for up to a ten-year maturity period; most investments are limited to a five-year maturity period.

Policy 6220 – Budget Preparation (Revised)

This policy has been revised and retitled based on client requests for language dealing with budget reserve provisions. The Neola template has included language allowing for such budget restrictions. This revision expands such an option.

Policy 7440.01 – Video Surveillance and Electronic Monitoring (New)

Due to the significant increase in the use of virtual/on-line learning, this policy has been revised to allow a District to use prerecorded lessons or observations of on-line or virtual learning sessions as part of an employee's evaluation, in accordance with a collective bargaining agreement or Memorandum of Understanding approved by the Board.

Policy 8210 – School Calendar (Revised)

Added to the language “elearning days” (blizzard bags) for use on calamity days. This puts policy in agreement with the collective bargaining agreement.

Policy 8450.01 – Protective Facial Coverings During Pandemic/Epidemic Events (Revised)

This policy (new in August 2020) is revised to reflect the changes in recommended exemptions enacted by the Ohio Department of Health (ODH) and the Center for Disease Control and Prevention (CDC) in September 2020. The guidance and content of this revised policy may be included in the District's Restart/Reopening plan for the 2020-21 school year. The policy provides coverage for students, district employees, and volunteers/visitors.

Policy 8500 – Food Services (Revised)

This policy has been revised to add the emphasis being sought by the United States Department of Agriculture (USDA) to prohibit stigmatizing students who lack the funds to pay for their meal or with unpaid meal charges.

Policy 8510 - Wellness (Revised)

Revisions to this policy reflect updated requirements for evaluation and review of district wellness policies (at least every three years) and the updated regulations issued by the U.S. Department of Agriculture (USDA). These regulations provide the basis for USDA review and monitoring of district compliance with the Health and Hunger-Free Kids Act. WELLSAT:3.0 is the assessment tool widely used to audit school wellness policies.

These revisions reflect changes outlined in the President's Management Agenda (PMA).

Policy 6114 - Cost Principles - Spending Federal Funds (Revised - October 2020)

Policy 6325 - Procurement - Federal Grants/Funds (Revised - October 2020)

Policy 7450 - Property Inventory (Revised)

Policy 7455 - Accounting System for Capital Assets (Revised)
