Prospective Student-Athlete

This student-athlete Code of Conduct handbook is presented to you because of your son/daughter's interest in participating in interscholastic athletics at Elmwood High School or Elmwood Middle School (grades 7-8). It is implied that the student has your permission to compete in athletics as well. Support from the student's family is crucial to a positive experience in athletics for the student-athlete. We firmly believe that actively engaging in athletics can be very important to the overall well-being of students at Elmwood. The opportunities provided will assist the student in furthering their growth, not only as an athlete, but more importantly, as a student and a member of our community.

The development of students into young men and women through athletics is something that is very important to the staff and administration at Elmwood. Our focus on running an organized and effective athletic program will help ensure that the student develops the highest level of mental, physical, and emotional development possible.

With this commitment, we acknowledge your responsibility and duty as a parent/guardian of the athlete. We would like you to take this opportunity to familiarize yourself with the policies and procedures we feel are necessary for a successful athletic program.

The Athletic Department assumes the responsibility of governing the rules and regulations of interscholastic competition. In order to be effective though, they need the respect and support of parents, athletes and coaches as a whole. This is done through direct communication between the Athletic Department and the parent(s) or guardian(s) of our athletes. It is our goal to further this through this handbook.

Parent/Guardian Recognition of Policy

The opportunity to participate in athletics is a privilege, not a right. Making the choice to participate in athletics places a student under the auspices of the Board-approved Code of Conduct. This code of conduct is in effect for 365 days a year (the complete calendar year in leap years). Thus, all violations of the code of conduct, whether in-season or out-of-season, follow the same consequences as listed within this document. Consequently, the policies in this Handbook are in effect every day of the year and until the student's academic career is over in grades 7-12.

Each student and parent/guardian is required to read over this handbook and confirm, by signature, that they have read and fully understand the policies set forth by the Elmwood Local School District. This document will be e-signed and on file in Final Forms.

Expectations of the Student-Athlete

Sportsmanship: Athletes must be aware at all times that they represent Elmwood High School and Elmwood Middle School, both on and off the field, and reflect its values of good sportsmanship and respect to others.

Eligibility: Athletic Eligibility

In the immediate preceding grading period, a student must receive a passing grade in a minimum of five (5) one (1) credit courses or the equivalent, which count toward graduation and those grades must, when combined, generate a grade point average of at least 1.50 on a four (4) point (4.00) scale.

A student enrolled in the first grading period after advancement from the eighth to ninth grade must have passed four courses in the preceding grading period in which the student was enrolled and those grades must, when combined, generate a grade point average of at least 1.50 on a four (4) point (4.00) scale.

A student in grades 9-12 who meets all athletic eligibility requirements established by the Ohio High School Athletic Association, but fails to meet the required 1.50 grade point average is ineligible to participate during the next nine (9) week grading period. This student may elect to go on a nine (9) week academic probation to regain the privilege to participate. There is no probation available if the student is ineligible because of not meeting the five (5) credit rule. Academic Probation is handled through the Athletic Director.

If the student meets both requirements during the probationary period, s/he regains full eligibility for the next nine (9) week grading period. If the student fails to meet both requirements, s/he is ineligible to participate during the next nine (9) week grading period.

Students in grades 9-12 will have the opportunity to opt for academic probation one (1) nine (9) week grading period to regain participation privileges once during grades 9 and 10, and once during grades 11 and 12.

A student in grade 7-8 must have received passing grades in four courses in the preceding grading period in which the student was enrolled and those grades must, when combined, generate a grade point average of at least 1.50 on a four (4) point (4.00) scale. To be eligible in any 9-week grading period, the student must have been enrolled in the immediately preceding grading period and passed a minimum of 5 credits (high school), 75% of classes in middle school (entering freshman), and also achieving a minimum grade point average (GPA) of 1.5 in the immediately preceding grading period.

A waiver is available for a student who is ineligible because they failed to achieve a 1.5 GPA for the grading period. The student may use the waiver to regain eligibility for one nine-week grading period. The student is allowed one waiver in middle school (7th and 8th grade), one in 9th and 10th grade, and one in 11th and 12th. It is important to note that the waiver applies only to students who do not reach a 1.5 GPA; it does not apply to those who do not pass enough credits.

Attendance: All students are expected to attend school the entire day, the day of a game or practice. In order to participate in a game or practice, the student is required to attend school for a minimum of four complete class periods (HS) during the day, arriving at school by 11am (this applies for grades 7-8 as well). The Athletic Director and/or Principal may grant exceptions to this rule based on review of the individual case and any extenuating circumstances. Any absence from school must be excused by the attendance officer in order to participate that same day.

Also, attendance the day following a contest is important. If a trend of absences begins following contests, the student may be subject to provide medical verification for their absence. If this does not happen, the student may be denied participation in the next scheduled contest.

Hazing Policy: Hazing is defined as an act that is an explicit or implicit condition for initiation to, admission into, affiliation with, or continued membership in a group or organization. Hazing is a broad term encompassing any action or activity which does not contribute to the positive development of a person; which inflicts or intends to cause physical or mental harm or anxieties; and/or which demeans, degrades, or disgraces any person regardless of locations, intent or consent of participants. No student shall participate in, encourage the act of, or assist in the planning of any hazing. Permission or consent from the victim does not lessen the prohibited acts contained in this section. Student-athletes who violate this policy are subject to denial from any athletic participation and subject to additional consequences under the Student Conduct Code.

Service: Giving back to the local community is a great thing for Elmwood students and is appreciated by those who are helped out. Community involvement is encouraged by the athletic department whether in a team setting or on an individual basis.

Athlete Participation: The following items must be e-signed and/or filled out on Final Forms prior to an athlete being able to participate in a practice or game...

1. LINDSAY'S LAW/SUDDEN CARDIAC ARREST SIGNATURE FORM
2. INSURANCE/INSURANCE WAIVER FORM
3. EMERGENCY MEDICAL FORM
4. ATHLETIC CODE AGREEMENT
5. DRUG TESTING RELEASE FORM
6. PARENT/STUDENT CONCUSSION FORM

The following item must be filled out properly and be on file in the Athletic Director's office...

1. PARTICIPATION/PHYSICAL EXAM FORM

Leaving a Team: Any student who drops from or quits an athletic squad after the first regular season contest is ineligible to participate in another sport until the previous sport

is completed, unless the switch is given consent by both head coaches involved. If consent is not given, the athlete will not be permitted to participate in the other sport.

Insurance: Each athlete should be covered by adequate insurance before participating in any athletic contest. A student can be covered through their own insurance from home or school-time coverage is offered for a fee. If a student is not provided with adequate insurance, Elmwood Local Schools will not be held responsible for any injuries sustained while participating in interscholastic sports.

Uniforms and Equipment: Responsibility for school-issued equipment is held by the student-athlete and they are encouraged to take care of the equipment as it takes care of them. All equipment, including uniforms and warm-ups, are only to be worn to practices and games, unless otherwise permitted by the head coach. At the end of the season this equipment is to be returned to the coach in a clean and respectable condition by a date set by the coach. In some sports, athletes are asked to purchase certain articles, such as warm-ups or other personalized items. These items will become property of the student athlete upon completion of the season. Fees for damaged and/or lost articles will be assessed to students. Awards may be withheld for equipment uniforms that are not turned in.

Transportation: Every athlete is expected to ride to and from every event with the team. We understand that there are circumstances that lead to exceptions to this. These exceptions must be approved by the head coach after receiving verification from a parent/guardian and the athlete. In all cases, the coach will make the final decision and requests may not always be approved.

Sports Award Ceremonies: As a matter of respect to the coach and the other members of the team, an athlete is expected to attend the awards program.

Scheduling of Contests and Practices

1. Scheduling of practice sessions is done in accordance with regulations of the OHSAA and the policies established by the Board of Education.
2. In cases of practices or contests during foul weather, all decisions will follow established inclement weather procedures through the athletic director and principal.
3. There shall be no Sunday practices as a general rule. If some emergency or special situation should arise and the coach feels it is necessary to practice on Sunday, he/she may do so with the consent of the principal.
4. Wednesday practices in accordance with Board Policy, shall conclude as nearly as possible to 6:30 p.m., unless otherwise approved by the Principal.

Instructional Programs

Athletes are subject to OHSAA instructional program and non-interscholastic competition regulations. These regulations vary by sport and may be found at the OHSAA website (www.ohsaa.org). Knowledge and compliance with these rules are the responsibility of the coach, the athlete and the parents

DRUG TESTING POLICY Elmwood Local Schools, Grades 9-12

The Elmwood Board of Education Drug Testing Policy was formed because of a concern that alcohol and illicit drugs may be used by Elmwood High School students. The Elmwood Board of Education desires to implement a policy which will attempt to provide this district with a safe and healthful student program. This policy reflects the Elmwood Board of Education and the community's strong commitment to establish a truly drug and alcohol free school program. Elmwood Local Schools has selected student athletes, in grades 9-12 and students who, along with consent from their parents, volunteer to be tested for inclusion in the testing pool. This policy was created in conjunction with Great Lakes BioMedical.

PURPOSE OF THIS POLICY SHALL BE:

1. To provide a healthy and safe environment to all students participating in the athletic program.
2. To discourage all students from using drugs, alcohol, and tobacco.
 - a. Student athletes will assume all responsibility for regulating their personal lives in ways that will result in their becoming healthful members of a team and worthy representatives of the school and community.
3. To provide student athletes with the opportunity to become leaders in the student body for a drug free school.
4. To provide solutions for the student athlete who does use drugs, alcohol, and/or tobacco.
5. To provide the school with positive guidelines and disciplinary policies for violations of the drug free policy.
6. To encourage those students who participate in athletic programs to remain drug free and alcohol free.

DEFINITIONS

1. **STUDENT ATHLETE**
Any person participating in the Elmwood Middle and High School athletic program and/or contests under the control and jurisdiction of the Elmwood Local

Schools and/or the Ohio High School Athletic Association (OHSAA). This policy also includes cheerleaders.

2. ATHLETIC SEASON

In-season start dates will begin as published by the Ohio High School Athletic Association or sanctioning organization and continue until the completion of contests for an individual in that sport for the Elmwood Local Schools. There are three athletic seasons: Fall, Winter, and Spring.

3. RANDOM SELECTION

A system of selecting athletes for drug and alcohol testing in which each athlete shall have a fair and equitable chance of being selected each time selections are required.

4. ILLEGAL/ILLCIT DRUGS

Any substance included in U.S.C. 802 (6), which an individual may not sell, offer to sell, possess, give, exchange, use, distribute, or purchase under State or Federal Law. This definition also includes all prescribed and over-the-counter drugs being used in any way other than for medical purposes in accordance with the directions for use provided for in the prescription or by the manufacturer. We may also test for Nicotine and Steroids. Additionally tobacco products and steroids are prohibited under this section.

5. ALCOHOL

Any intoxicating liquor, beer, wine, mixed beverage, or malt liquor beverage as defined in the Ohio Revised Code Section 4301.01. The term “alcoholic beverage” includes any liquid or substance, such as “near beer” which contains alcohol in any proportion or percentage. The term “alcoholic beverage” does not include a substance used for medical purposes in accordance with directions for use provided in a prescription or by the manufacturer and in accordance with school district policy and rules related to the use of prescription and non-prescription drugs, provided the substance is a) authorized by a medical prescription from a licensed physician and kept in the original container, which shall state the student’s name and directions for use or b) an over-the-counter medicine.

TYPES OF TESTING

1. RANDOM TESTING

In-session random testing shall be done throughout the season. The Athletic Director and Head Coach are responsible for ensuring that all student athletes and their parent/guardian/custodian properly e-sign the INFORMED CONSENT AGREEMENT on Final Forms prior to testing. A student may be tested more than once per season. In the event of a non-negative result, the specimen will be sent to a laboratory for

confirmation of results and a certified Medical Review Officer will determine the results. At the conclusion of a random test, parents will be notified via e-mail that their student has been tested. Parents will be notified in the event of a positive test result by the drug testing company. Once parents have been notified of a positive result, the Athletic Director will then proceed with enacting the consequence for violation of the Code of Conduct.

a. Random selection of student athletes:

The Athletic Director will send a list of the names of in-season athletes to the drug testing company at the beginning of each season. The drug testing company will randomly generate a list of names to be tested for each scheduled testing date. This list will be sent to the Athletic Director. Athletes who are not in attendance at school the day of the test, have completed their contests for the season, and athletes who are injured and out for the season (as documented by the head coach) will be removed from the testing list by the athletic director. If a student(s) is removed from the list, the next student(s) on the alternate list will be moved up to the random list.

b. Scheduling of random testing:

Random testing will be unannounced. The days and dates will be selected by the Athletic Director at the beginning of each season, and confirmed with the Principal and Secretary.

2. DRUGS FOR WHICH ATHLETES MAY BE TESTED:

LSD, Alcohol, Marijuana, Amphetamines, Methadone, Anabolic Steroids, Methaqualone, Barbiturates, Nicotine (Tobacco), Benzodiazepines, Opiates, Cocaine, Propoxyphene (Darvon), or Any substance included in U.S.C. 802 (6), which an individual may not sell, offer to sell, possess, give, exchange, use, distribute, or purchase under State or Federal Law. This definition also includes all prescribed and over-the-counter drugs being used in any way other than for medical purposes in accordance with the directions for use provided for in the prescription or by the manufacturer.

3. COLLECTION PROCESS (Urine Screens)

The student will be notified to report to the collection site at the time of testing. Students will be contacted individually to report to the collection site. The student will report directly to the high school office upon notification at the specified time. A specimen from the student will be collected as follows and all students must follow this process:

All students will be identified by the Athletic Director, or designated school personnel in the absence of the Athletic Director. The students will be placed in a secure area until they are called back to the testing area by the drug testing company technician.

The drug testing area must be secured during the testing by the lab technician. The location of the testing area may vary, but the ideal location for testing will be

the Athletic Director's office and adjacent bathroom facility. Students not being immediately tested will be stationed in a secure area in the back office area.

Only the lab technician, student, and the Athletic Director (or designated school personnel) may be witness to the test.

Privacy must be kept for all students. The Athletic Director and lab technician share this responsibility to keep the area secure.

The Athletic Director and Head Coach are responsible for ensuring that all of the forms are completed and e-signed by both parent/guardian/custodian and student. No student is to enter the collection site until forms, and proper identification has been completed.

When students arrive and cannot give a sample, they will need to start drinking water, pop or juice. (Urine test)

No bags, backpacks, purses, cups, containers or drinks will be allowed to enter the collection area. All coats, vests, jackets, sweaters, hats, scarves or baggy clothing must be removed before entering the collection site. Any infringement of the rules may result in the student taking the test over.

Students processed by the lab technician who cannot produce a sample will be kept in a secured area to wait until they can test. If they leave this area they will not be allowed to test. They should not leave the secured area until they have produced a sample. If a student is unable to produce a sample, the lab technician may obtain a sample by other means, such as, but not limited to, a swab or hair sample. This is the responsibility of the lab technician.

Students will be asked to hold out their hands and a sanitizer will be put on their hands. The bathroom personnel will add a dye to the toilet. This will be checked after each student test.

Students will be asked to urinate directly into the collection cup given to them by the lab personnel. The lab technician will stand outside the bathroom and listen for normal sounds of urination.

Any and all adulteration of the specimen will be detected and considered the same as a test refusal or 1st time infraction. (The lab checks every sample for adulteration, such as additives you drink or add to urine to change the sample.)

Adulterations: We will treat adulterations and diluted samples as first time offenses. They are not called positives but have the same consequences.

Any suspicion of tampering with the sample will be brought to the tester's attention. The sample will be sent to the lab for immediate confirmation of tampering.

The sample must be taken in one attempt and be at least 30 ml in size. The student must hand the cup to the lab technician.

Students are not to flush the toilets or urinals. In the event that a student flushes the toilet he or she may be required to give a new sample immediately or the sample may be invalid.

Either the student or the lab technician will recap the sample. In the event that the student does not hand the cup directly to the lab technician, the sample may be invalid and a new sample may be taken. If the student leaves the collection area or has contact with anyone, the sample may be invalid and the student may have to give another sample.

This collection procedure is subject to change because of procedural requirements by the testing agency. Any policy changes to this procedure will be reported to parents by the athletic director after being informed by the drug testing company.

When using rapid screens, all non-negative screens will be sent out with a chain of custody to a certified laboratory for confirmation. A Certified Medical Review Officer will verify if it is a positive test.

4. RESULTS OF A POSITIVE TEST

As previously stated, any positive urine drug test results will be made known to the parent by the drug testing company. The drug testing company will then share the positive result with the Athletic Director who can administer the consequence of the Code of Conduct.

5. IF A POSITIVE TEST OCCURS (Or, if a violation of the code of conduct has occurred other than a positive test):

First Violation: The athlete will be denied participation for a minimum of **20%** of their current season or next season. If a violation occurs during the last 20% of the season, the denial of participation will carry over to the next season. In addition, the athlete will be required to receive 10 hours of counseling, and/or community service, approved by the athletic director and athlete's parents. Athletes can do a combination of both. All costs for counseling will be the responsibility of the athlete and/or the parent. This must be completed before the student will be allowed to participate. Students will not be allowed to travel with the team to away events or stand on the sideline of away events during their 20% time that they are denied participation.

Second Violation: The athlete will be denied participation for a minimum of **50%** of their current season or next season. If a violation occurs during the last 50% of the season, the denial of participation will carry over to the next season. In addition, the athlete will be required to receive 15 hours of counseling, and/or community service, approved by the athletic director and athlete's parents. Athletes can do a combination of both. All costs for counseling will be the responsibility of the athlete and/or the parent. This must be completed before the student will be allowed to participate. Students will not be allowed to travel with the team to away events or stand on the sideline of home or away events during their 50% time that they are denied participation.

Third Violation: The student is denied participation for one calendar year from the date of notification of the violation. Students will not be allowed to travel with the team to away events or stand on the sideline of home or away events during their time that they are denied participation.

Fourth Violation: The student is permanently denied participation in athletics at Elmwood Local Schools. Students will not be allowed to travel with the team to away events or stand on the sideline of home or away events during their time that they are denied participation.

All violations are accumulative throughout the student's high school and middle school career. (Grades 7-12) Note...only grades 9-12 are drug tested. 7-8 grades are held accountable for all other aspects of the code of conduct.

Violations of the Student Code of Conduct/ Team Rules (Applies to all student athletes in grades 7-12)

- Student athletes should remain drug, alcohol, and tobacco free both in-season and out-of-season. Thus, student-athletes should not possess, transmit, conceal, consume, or show evidence of having consumed or used, or offer for sale, or attempt to purchase any alcoholic beverage, illegal drugs, tobacco, vaping devices, steroids, non-prescribed drugs, look alike drugs, or any mind altering substance, nor be associated with those who are. "Guilty by association" is defined as being present at a student gathering where alcohol or other drugs are being used by minors. To be given consideration when levying penalties, students must leave such a student gathering promptly.
- For violations of the student Code of Conduct, as determined by the athletic director, principal or designee, the student athlete will be subject to the penalties related to the violation of the Student Handbook listed previously in this

document. Athletes will not be allowed to participate in contests during the period of a suspension.

- Coaches may establish additional rules in their sports which have the approval of the athletic director and principal. These rules must be in written form and in agreement with the athletic and student handbook. These additional rules must be signed by the athlete and his/her parent or guardian.
- An athlete will not engage in criminal activity or violations of civil and criminal law. Recognizing the varying degree of severity of violations (misdemeanors vs. felonies), consequences for involvement could range from the consequences described in the code of conduct to denial of participation. Consultation between the coach, athletic director and the principal will take place before the denial of participation. Any student athlete in attendance at a site where illegal activity is taking place must leave that site immediately. Failure to do so will result in a violation of the athletic code of conduct and the athlete will be assessed the corresponding consequence per this document. Illegal substance violations will be treated the same as a failed drug test. In addition, any student attempting to assist another in falsifying a drug test will be subject to a violation.

5610.05 – PROHIBITION FROM EXTRA-CURRICULAR ACTIVITIES

Participation in extracurricular activities, including interscholastic sports, is a privilege and not a right. Therefore, the Board of Education authorizes the Superintendent, principals, and assistant principals and other authorized personnel employed by the District to supervise or coach a student activity program, to prohibit a student from participating in any particular or all extra-curricular activities of the District for offenses or violations of the Student Code of Conduct/Student Discipline Code for a period not to exceed the remainder of the school year in which the offense or violation of the Student Code of Conduct took place.

In addition, student athletes are further subject to the Athletic Code of Conduct and may be prohibited from participating in all or part of any interscholastic sport for violations therein.

Students prohibited from participation in all or part of any extra-curricular activity are not entitled to further notice, hearing, or appeal rights.

Adults are Essential for Sportsmanship

The Elmwood Athletic Department along with the Ohio High School Athletic Association strongly stresses the importance of sportsmanship at every athletic event. Having a positive winning atmosphere begins and ends with a show of respect for all officials and opposing teams. This will be stressed to the coaches and athletes and is highly encouraged to all who attend an Elmwood event.

There is no place for criticizing an official for a call that cannot be changed. Negative cheers towards opponents and officials only cast a negative light on our program. However, we do greatly encourage our fans to cheer and support our athletes and coaches in a manner that reflects a positive image of Elmwood athletics. If this cannot be accomplished and a problem ensues, officials, security and school administrators reserve the right to remove from or deny the right to attend any Elmwood athletic event.

Your cooperation is greatly appreciated by Elmwood Local Schools as we strive for great sportsmanship and continued athletic success.

Parental Concerns: We believe that most concerns can be resolved between the player and the coach first, then the parent and the coach. Ultimately, we feel the coach deserves the courtesy of attempting to resolve the problem first. However, if a satisfactory resolution is not reached, parents may continue discussing the matter as follows: (1) Athletic Director (2) Principal (3) Superintendent. All discussions should follow this chain of command in order.

OHSAA BYLAW 3-1-4

This requires a mandatory, preseason meeting with prospective student-athletes and parents before each athletic season that shall consist of a review of the student-eligibility bulletin and key essential eligibility requirements and also a sportsmanship, ethics and integrity component.

Letters and Awards

Certificate of Participation: Freshman awards of three inch numerals indicating year of graduation and certificate of participation. Junior Varsity and Varsity participation awards (those who do not qualify for a varsity letter) will consist of a certification of participation.

Varsity Awards: First year award consists of a 6" "E" and an insert pin identifying the sport. In subsequent years, the athlete will receive a bar along with a trophy for a four-year award. Nine varsity letters earned will result in an "Outstanding Athlete" plaque.

Varsity Letter Requirements:

- 51% of the contests in Football, Golf, Volleyball, Basketball, Softball, Baseball (25% for Pitchers).
- 75% of the contests in Cross Country.
- 67% of the Varsity contests or score at least 30 points in Wrestling.
 - 10 pts for a pin or tech fall, 5 pts for a win w/o tech fall, 2 pts for a loss by decision, -1 pt for a loss by fall, 1 pt for a JV victory, 5 pts for not missing a practice, 10 pts for not getting pinned all season.

- Score 8 points or place in the regional meet in Track.
- Any senior athlete who has been a member of a squad in good standing for two years, but has not met the above standards, is given the 1st year award.
- Managers and Student Trainers must be recommended by head coach and approved by athletic director.

1st Year Letter: Varsity Letter and Charm

2nd and 3rd Year Letter: Bar

4th Year: Bar and Trophy

The athletic director may waive the requirements for the earning of awards in special cases, such as injury or illness.

Special Awards

Awards may include:

Baseball: Country Hardball Award, Best Pitcher, Defender, Hitter

Basketball: Captains, Coach's Award, Most Improved, Offensive Player
Defensive Player

Cross Country: Captains, Most Improved, Work Ethic, Most Valuable Runner,
Rookie of the Year

Football: Outstanding Offensive Back, Offensive Lineman, Offensive End, Defensive
Back, Defensive Lineman, Linebacker, Most Improved, Captains, Mike Duncan Award

Golf: Most Improved, MVP, Coach's Award, Captains

Softball: Captains, Most Improved, Best Hitter, Best Defender

Track: Most Valuable Runner, Most Valuable Field Event, Captains, Most Improved,
John Ramsey Award

Volleyball: Coach's Award, Offensive and Defensive Player of the Year, Ace Award,
Workhorse Award

Wrestling: Most Improved, Most Pins, Most Valuable, Most Take Downs,
Captains, Brian Mayo Award

Note: Coaches may substitute awards in their sports for the ones listed above. If a coach wants additional awards they may do so on their own.

All Ohioan Wall

Individual or teams will be recognized for the following accomplishments.

Individual: First, second, and third (excluding special mention and honorable mention)
team All-Ohio in any recognized State Poll. Selection for an OHSAA officially

recognized All-Ohio or All Star game. Place 1-8 in state competition in Cross Country, Golf, Wrestling, Swimming/Diving or Track.

Team: Any team which finishes 1-6 in OHSAA State competition. (Recognition consists of those members of the squad who participated in the state competition)

Recognition does not occur until after the athlete graduates.

The Athletic Director has the right to rescind the honor to the All Ohio Wall for good and just cause.

Special Note: Any item not specifically addressed in this manual is under the auspices of the Athletic Director and Principal within the structures of OHSAA and Elmwood Board of Education policy.

YOUR SCHOOL INFORMED CONSENT AGREEMENT

STUDENT NAME (Print) _____ GRADUATION YEAR _____

AS A STUDENT:

- I understand and agree that participation in athletic activities is a privilege that may be withdrawn for violations of the Elmwood Local Schools Drug Testing Policy and the Athletic Code of Conduct.
- I have read the Drug Testing Policy and Athletic Code of Conduct and thoroughly understand the consequences that I will face if I do not honor my commitment to the Drug Testing Policy and the Athletic Code of Conduct.
- I understand that when I participate in any athletic program I will be subject to random urine drug & alcohol testing, and if I refuse, I will not be allowed to practice or participate in any athletic activities. I have read the informed consent agreement and agree to its terms.
- I understand this agreement is binding while I am a student in the Elmwood Local Schools system.

STUDENT SIGNATURE

DATE

AS A PARENT/GUARDIAN/CUSTODIAN:

- I have read the Elmwood Local Schools district drug testing policy and the Athletic Code of Conduct and understand the responsibilities of my son/daughter/ward as a participant in athletic activities in the Elmwood Local Schools district.
- I pledge to promote healthy lifestyles for all student athletes in the Elmwood Local Schools system.
- I understand that my son/daughter/ward, when participating in any athletic program, will be subject to random urine drug and alcohol testing, and if he/she refuses, will not be allowed to practice or participate in any athletic activities. I have read the informed Consent Agreement and agree to its terms.
- I understand this agreement is binding while my son/daughter/ward is a participant in athletics in the Elmwood Local Schools district.

INFORMED CONSENT AGREEMENT

We hereby consent to allow the student named on the reverse side to undergo urinalysis testing for the presence of illicit drugs, alcohol, or banned substances in accordance with Policy and Procedures for Drug Testing of the Elmwood Local Schools District.

We understand that testing will be administered in accordance with the guidelines of the Elmwood Local Schools District Drug Testing Policy for student athletes.

We understand that any urine sample taken for drug testing will be tested only by a Board approved company.

We hereby give our consent to the company selected by the Elmwood Local Schools Board of Education, its employees, or agents, together with any company, hospital, or laboratory designated to perform urinalysis testing for the detection of drugs.

We further give our consent to the company selected by the Elmwood Local Schools Board of Education, its employees, or agents, to release all results of these tests to designated School District employees or agents. We understand that these results will also be available to us upon request.

I, the student, hereby authorize the release of the results of such testing to my parent/guardian/custodian.

We hereby release the Elmwood Local Schools Board or Education, its employees or agents from any legal responsibility or liability for the release of such information and records.

This will be deemed a consent pursuant to the Family Educational Rights and Privacy Act of 1974, 20 U.S.C. 1232g as amended, and the Ohio Revised Code 3319.321, for the release of the test results as authorized by the Informed Consent Agreement or as required by law.
