

## Calamity Days are now Remote Learning Days

---

Elmwood has used up 5 calamity days this school year. If necessary, the next three days that we miss for bad-weather will be e-learning days. This means your students will need to login to google classroom and/or check school email, and start their e-lessons that teachers will have posted by 10:00 am each of these days. The Teachers will be available from 10:00 -2:00 to answer emailed questions on those days.
