Compliance Officers

Complaints - If you have a concern or complaint against a school official, our policy is for you to address that concern with the individual first. We understand there may be sensitive issues where you may need to go to the next level right away. If this meeting does not resolve the issue, then you would work with that person's supervisor/principal. The next step is to contact the superintendent. Finally, if after meeting with the superintendent, your concerns have not been resolved, then you would contact the individuals on the Board of Education. For more information, see Policy 9130 on Public
