*** NOTES ***

BOARD POLICY UPDATES

(December 2022)

BYLAWS AND POLICIES

Policy 1617/3217/4217/7217 - Weapons (Revised)

These policies have been revised to reflect the changes required by recent legislative actions, including S.B. 215 and H.B. 99. Senate Bill 215 became effective June 13, 2022, and authorized “qualified” individuals to carry certain weapons without a carry-concealed license or permit. “Permitless” carriers are still not allowed to carry weapons into a school safety zone.

Policy 2280 - Preschool Program (Revised)

In June of this year, the State Board of Education adopted several important changes to the definitions of two (2) preschool classrooms under the state’s governing regulations. This action came about after school districts and other stakeholders voiced strong opposition to a prior version of the regulations that proved very difficult to implement. The regulatory changes modified definitions of a public preschool general education classroom and a preschool integrated classroom in a way that should provide more flexibility for public schools that offer preschool programs by modifying how many students with disabilities may be enrolled in each type of program.

Policy 2413 - Career Advising (Revised)

This policy has been revised to reflect the provisions of S.B. 135, effective July 121, 2022, which added several requirements to K-12 Career Advising. The policy summarizes the district’s obligation to provide career advising to an at-risk student after a Student Success Plan has been developed which aligns with the district’s career advising plan. The policy also includes additional information that must be provided to students, specifically about how costs of postsecondary education may be offset, as well as information about certain career fields that require industry-recognized credentials, certificates, and college degrees. Legal citations have been updated as well.

Policy 2430 - District-Sponsored Clubs and Activities (Revised)

Policy 2431 - Interscholastic Athletics (Revised)

These policies have been revised to include the provision of S.B. 181. The bill prohibits districts as well as nonpublic schools and interscholastic conference governing bodies from adopting any type of rule that limits a student from wearing religious apparel while participating in an extracurricular activity unless the apparel poses a danger to the student or others. And even if there is some safety risk involved, a school district must offer “all reasonable accommodations” to the student participant.

Policy 3120.08 - Employment of Personnel for Co-Curricular/Extra-Curricular Activities (Revised)

This policy has been updated in order to clarify that a non-teaching staff member who does not have an active teaching license must obtain a pupil activity permit to serve as a paid coach or advisor through a pupil services/supplemental contract regardless of whether the extracurricular program involves athletics, physical activity or health and safety risks. Licensure requirements under R.C. 3319.303 and accompanying regulations are different for individuals who have a valid teaching license. These individuals need only to obtain a Pupil Activity Permit when they oversee athletics, other physical activities, or activities that may present a health or safety risk.

Policy 5111 - Eligibility of Resident/Nonresident Students (Revised)

Revisions to this policy reflect changes to the Secretary of State's Safe at Home Program implemented by House Bill 93. Under the previous version of the law, program participants were not required to provide government entities with a copy of their program authorization card. The current version of the law now requires program participants to provide their program authorization card issued by the Secretary of State as proof of their enrollment in the program.

Policy 5335 - Care of Students with Chronic Health Conditions (Revised)

Policy 5336 - Care of Students with Diabetes (Revised)

The identified policies/AGs have been revised to reflect recent changes in the area of student health care, including medication management and responding to food allergies, in a school setting.

Policy 5460.01 - Diploma Deferral (New)

Policy 5460.01 has been modified to recognize that students with disability who are approved for social graduation and then remain in school to continue to work on their transition-related IEP goals do not need to master/complete those transition-related IEP goals before accepting their diploma and leaving school; in fact, the purpose of transition-related goals are to begin to address issues/topics that the student will be working on well after they exit services. As such, students who have completed their academic requirements may receive their diploma and exit services when the IEP team determines the student has made sufficient progress on the student's transition-related IEP goals, or the student reaches the age of 22, whichever occurs first.

Policy 6700 - Fair Labor Standards Act (FLSA) (Revised)

More than a decade ago, Congress passed a law amending Section 7 of the Fair Labor Standards Act ("FLSA"), mandating that eligible employees be provided reasonable breaks and private facilities to express breast milk during the first year after the birth of their child. Language has been added that summarizes a board of education's obligation to provide reasonable breaks and private facilities for FLSA-eligible employees to express breast milk, and also includes optional language that provides the same benefit to FLSA-exempt employees to the extent the employees may be accommodated without materially disrupting school operations or employee duties.

Policy 7440 - Facility Security (Replacement)

Some Neola clients have expressed an interest in using metal detectors to search for more than just weapons; in particular, some school districts want to use metal detectors to alert their staff if a student is carrying a vape pen or other vaping-related equipment/devices. In response to these inquiries, Neola developed optional revisions to the identified documents to allow the use of metal detectors to alert school staff to students in possession of other unauthorized objects (which may include but not be limited to vape pens/other vaping-related equipment/devices).

Policy 7440.03 - Small Unmanned Aircraft Systems (Technical Correction/Revised)

Policy and AG 7440.03 have been updated to incorporate changes in federal regulations pertaining to the operation of drones at night or over people.

Policy 8210 - School Calendar (Revised)

The School Calendar policy has been updated to include an option for districts to approve a school calendar either annually, or biannually, based on their typical approval process. Language has also been added to recognize the deadline of August 1st for school boards to approve a plan for use of online lessons or blizzard bags.

Policy 8320 - Personnel Files (Revised)

Policy 8330 - Student Records (Revised)

Revisions to these policies reflect changes to the Secretary of State's Safe at Home Program implemented by House Bill 93. Under the previous version of the law, program participants were not required to provide government entities with a copy of their program authorization card. The current version of the law now requires program participants to provide their program authorization card issued by the Secretary of State as proof of their enrollment in the program.

Policy 8600 – Transportation (Revised)

These revisions provide clarification and direction for districts in the area of transportation, as ODE guidance has been issued during the past several months.
