

Hello,

Let's Keep Learning!

At Rosen Classroom, we sympathize with all of the educators and parents across the world and here in the United States who are doing their best to keep everyone safe and maintain a sense of normalcy during the COVID-19 pandemic. We also understand that if students lose ground during this time of year, it can have far-reaching negative impacts. In an effort to “keep students reading”—whether they are learning to read or reading to learn—we are committed to doing our part. We are glad you signed up for free access to our digital products while your school is not in session. For families supporting reading at home, the attached document provides information and valuable links to assist and support reading at home!

On a computer, tablet, or mobile device with a connection to the internet, students have access to a full library of fiction and nonfiction eBooks at home. Independent reading is a wonderful way to assure students remain engaged in learning. We are committed to supporting parents as they encourage students to read on epointplus.
