

## Parents

Elmwood will be helping to feed our students starting Wednesday, March 18<sup>th</sup> as the first pick up day.

We will offer food that is picked up at the main building one time per week and will give each child in your home a week's worth of breakfast and a week's worth of lunches for each kid in your family.

To accommodate working parents, we are actually going to do the pick-up from 5 to 7 in the evening. During these hours, you may come in the high school entrance or the board of education entrance to then go to the cafeteria for the pickup.

Again the goal is to provide food for the upcoming week and only require 1 trip out here to school.

If your family has transportation issues, then contact Terry Rothenbuhler, the Food Services Director at 419-655-2583 extension 332 or email him at [roht@elmls.net](mailto:roht@elmls.net). If you call and he is not there, please leave a message and he will get back to you.

If you have any questions or concerns during this shut down, please let us know.

If the federal or state issues further directives, we may have to change availability of food pickup.

The pickup dates and times for the next few weeks are:

Wednesday, March 18 from 5-7 PM

Monday, March 23<sup>rd</sup> from 5-7 PM or Tuesday, March 24<sup>th</sup> from 5-7 PM

Monday, March 30<sup>th</sup> from 5-7 PM or Tuesday, March 31<sup>st</sup> from 5-7 PM

Thanks to all the kind words that Elmwood has received as we work through this event that is foreign to all of us. Please understand that we have your child's interest at the front of all decisions we make in regards to the shutdown.

Tony Borton

Superintendent

Elmwood Local Schools

We have additional information for tonight's food pickup. The food pickup is tonight from 5 to 630 and you should enter from the high school set of entrances. In addition, our distributors are struggling to get food to us and as a result want to remind everyone that the goal of the food delivery is aimed at those students who are free and reduced. It is our hope that the distributors are able to continue to get our product to us so we can issue it to the students.

Thank you for helping us through this time.
