

Good news, we were recently notified that the free breakfast and lunches for all students that we have been offering from the Federal Government has been extended until the end of the school year. Encourage your child to take advantage of this great offer. To get the free breakfast and lunch, your child needs to take a fully reimbursable meal and not just ala carte items.

While not needed for this year, if your family qualifies for free or reduced meals, it is important that you still fill out the form. Some of the district's funding is based on the number of free and reduced students we serve. Without an application, we cannot count that child, which means we miss out on state and federal money. In addition, if your child qualifies for free lunches, their school fees are also waived. All students that fill in a form and qualify for free and reduced meals start the next school year with that status to give the families time to resubmit a new application for the new school year.

If you have not already done so, please complete a new form for this school year to help with District funding and your student's fees.

Tony Borton, Superintendent
